

## Testimonial to PWC Access Limited

*“When the Pride Hill Shopping Centre was in need of a high level clean my first call was to PWC Access. I had used their services whilst with a former employer and I knew that their attention to detail, with an emphasis on Health and Safety, would be 1<sup>st</sup> class.*

*From the initial site meeting to successful completion of the work they have offered sensible advice and best value. They conduct themselves in a very professional manner and nothing is too much trouble for the client.*

*The result has been a cleaner environment, which has received positive comments from both tenants and the public, and will undoubtedly secure them future work within the centres.*

*Russell J Hall MBIFM – Operations Manager EFM Facilities*
